

**For Sale**  
**Misc. Tank Cleaning Items - \$250.00 OBO**

Just completed year-end inventory of diving equipment and supplies and need to reduce my inventory. I am selling miscellaneous tank and regulator cleaning chemicals and supplies. These items are brand new and have never been opened. They were purchased new from Global Manufacturing Corporation early in 2008 and have been stored inside. I have shown the individual items for sale along with the catalog number of each item from Global Manufacturing Corporation. The unit prices are the wholesale price I paid for the items and the sales price is the amount I am selling the items for (**50% below wholesale pricing**). I prefer to sell the items as a package deal, but might consider selling individual items.
